

# AMERICAN-FRENCH ATTACK BEGUN ON LORRAINE FRONT

## REGISTRATION--- CONSECRATION DAY

And now—You men who have stood by  
While they went forth—perhaps to die—  
These drafted lads who day by day  
In loaded transports sail away—  
You men who've seen them in their might  
Depart—these youths—to fight your fight—  
Now that the new draft bill is through,  
How does the matter stand with you?

Will you make answer fair and square  
When you fill out your questionnaire?  
Prepare you—man! The witness-stand  
Is calling you to show your hand—  
To prove how much is Patriot  
And how much blather and pure rot—  
How much of service—not of gold—  
You would give up or would withhold—  
How much exemption you would claim,  
And by what right you ask that same.

You may be one who thought, no doubt,  
That somehow things would straighten out  
And peace would come—and you be free  
Still to work out your destiny—  
Your dream of love and love of life—  
With equal hate of blood and strife,  
Why, untold millions have gone through  
Those same emotions—dreamed like you.  
Your case can boast no circumstance  
Without some parallel in France,  
And though each one has known the pain  
Of sacrifice—he's learned the gain—  
The priceless prize of service free,  
Laid at the feet of Liberty.

Oh, man, go forth—eyes toward the goal,  
With selfishness purged from your soul,  
So that your registration may  
Become your consecration day,  
And whereso'er the summons be—  
To shipyard or to factory—  
Or to the battle-fields of France—  
Go proudly forth—look not askance—  
Right radiant to offer all  
Your life can give to meet that call.  
—Leslie's.

BOTH SIDES OF ST. MIHEL SALIENT WHICH  
PROJECTS INTO THE ALLIED LINES SOUTH-  
WEST OF VERDUN, ARE ATTACKED SIMUL-  
TANEOUSLY ON A TWELVE MILE FRONT,  
FOLLOWING A TERRIFIC BOMBARDMENT  
BY ARTILLERY LASTING SEVERAL HOURS.

THE ATTACK IS PROGRESSING FAVORABLY  
METZ IS ONLY FIFTEEN MILES DISTANT  
HUGE AMERICAN FORCE IS MOBILIZED

Predictions of Experts That Great American Offensive  
Would be Launched, Indications Are, Will be Ful-  
filled.

Attack Launched Today May Be Preliminary to Invasion  
In Force of German Territory. Important Push Will  
Result in This Sector if Initial Attack Develops  
Opening.

With the American Forces on the Lorraine Front,  
September 12.—(By Reuters)—French and American  
forces this morning launched an attack against the Ger-  
man positions on both sides of the St. Mihiel salient.

## HEAVY BARRAGE PRECEDES ATTACK

With the American Forces on Lorraine Front, September 12.—(Associ-  
ated Press Cable)—French and American artillery this morning directed a  
terrific barrage fire on the German positions on this front. The reply of the  
German big guns was vigorous at some places although as a whole it was  
weak. There are some indications that the Germans are withdrawing their  
artillery although it is more probable that they are going to fight hard be-  
fore being driven out after enduring a stifling barrage of more than eight  
hours. The Germans at some points are increasing the volume of their big  
gun fire but ineffectually.

## WOULD CRUSH ST. MIHEL SALIENT

(By The War Editor of The Associated Press)

American and French troops today began an offensive  
on a 20-mile front in Lorraine, near the German border.

The movement evidently is aimed primarily at the elimination of the  
famous St. Mihiel salient, which for more than four years has projected into  
the allied lines southeast of Verdun.

The attack was launched on both sides of the salient on a 12-mile front  
on the south and 8-mile front on the west. The assaults were progressing  
favorably at the latest reports. A barrage fire lasting several hours preceded  
the thrust.

There have been many predictions in unofficial quarters recently that  
an American offensive movement was likely to be witnessed this fall. The  
German citadel of Metz lies only some fifteen miles to the northeast of  
Pont-Aux-Francais, at the eastern edge of the salient under attack and it seems  
not beyond probability that this may be a further objective of the offensive.

The removal of this salient would seem to be a necessity before a drive  
in great force into German territory on this front were attempted, as other-  
wise the German forces to the west would be left in a threatening position  
on the left flank of the attacking army.

It is known that General Pershing has a huge Ameri-  
can army under his command, and there seems little doubt  
that adequate forces would be at the disposal of Marshal  
Foch for an important push into this sector were the ini-  
tial move to develop a suitable opening.

## ANOTHER PROBLEM FOR FOE

The German command now will have, it appears, another problem to  
meet in dealing with the outbreak of its foe in another and comparatively  
distant quarter from that in which the bulk of the fighting has been done in  
this year's campaign.

The question will be, it seems, whether the reduced German man power  
has left Ludendorff with forces sufficient to maintain his front from Rheims  
to Ypres and at the same time beat back a powerful thrust by the allies from  
the southeast of the battlefield.

The Hindenburg line as built, however, already has not proven too strong  
for either the French or British. Both have broken through it.

## GERMANS RETREAT

(By Associated Press Cable)

With American Forces on Lor-  
raine Front, September 12. — The  
weather is fine. The attack made  
by the French and Americans  
was a most daring one and so far  
has been successful.

It was preceded by a barrage  
lasting four hours. There has been  
a great concentration of Franco-

American artillery and entente  
airplanes are operating in large  
numbers. The Germans now are  
falling back on the front on each  
side of the St. Mihiel salient.

Though undoubtedly suspicious  
of the intentions of the Ameri-  
cans here the Germans were un-  
aware of the time or the direc-  
tion of the attack. The American  
troops are all intensely eager and  
fighting magnificently.

and supplies to the first line trenches.

## NOTHING BUT HEART FAILURE CAN PREVENT REAL VICTORY

—PREMIER LLOYD GEORGE

MANCHESTER, ENGLAND, September 12.—(Associated Press  
Cable)—"Nothing but heart failure on the part of the British nation  
can prevent our achieving a real victory," said Premier Lloyd George  
speaking here today. The Premier said that the British casualties  
in the last offensive in France were one-fifth of what they were in 1916.

He said he was for a League of Nations, and that in fact a league  
already had been begun. The British Empire, he said, was a league  
of free nations and that the allied countries fighting the battle for  
international rights are now a league of free nations.

## 13 000 000 SEND WORD TO TROOPS IN FRANCE

While Soldiers Wait on Verge  
of Great Battle, The Nation's  
Man Power Enrolls.

By Associated Press Dispatch.

Washington, September 12.—While  
American soldiers in France stood  
ready with French and British for  
what may prove the greatest battle of  
the war, 13,000,000 other Americans  
registered today for military duty and  
gave the most inspiring demonstration  
of patriotism in the nation's history.

There was no delay in starting the  
machinery by which the man power  
of the country will be made available  
to bring the war to a speedy and tri-  
umphant end. Out of the tremendous  
bulk of men who responded with every  
race and creed represented there will  
come soon from the camps at home  
3,000,000 or more fit for warfare and  
eager to go overseas.

## ROLL OF HONOR

Of the 669 casualties in the Ameri-  
can army, announced today, only 10  
of the men are Ohioans.

Of the 669 casualties, 56 were killed  
in action, 292 missing in action;  
360 wounded severely; 26 died of  
wounds; 11 died of disease; 2 died of  
accident and 13 were wounded, de-  
gree undetermined.

The list of 338 announced Thursday  
afternoon include only one Ohioan—  
Orvil Jefferies, of Cedarville, who was  
wounded degree undetermined.

Other Ohioans are: Wounded se-  
verely—Corporals Nelson E. Heaton,  
Lyndon (Ross County); Frank Krest,  
Maynard; Privates Chas. Edwin Wil-  
son, Columbus; Carl E. Baker, Day-  
ton; Joseph Koch, Cincinnati. Miss-  
ing in action: Privates Edward Rose,  
Cutter; Arnold S. Helman, Cleveland;  
John Mandry, Gloucester; Theodore W.  
Masram, Cincinnati.

## PEASANTS REVOLT ENTER PETROGRAD

(Associated Press Cable)

London, September 12. — Russian  
peasants who revolted against the  
Bolshevik government a few days ago  
are reported to have entered Petro-  
grad and to have been joined by a  
large part of the population, says a  
dispatch from Copenhagen.

Severe fighting is proceeding in the  
city and fire has broken out at several  
places.

## THE 37TH DIVISION ENGAGED

Ohio National Guard Troops Are  
Among The American Forces.  
Now Striking With The French  
Against Huns on Wide Front.

Crossing of Moselle Is Among  
First Points Attacked.

By Associated Press Dispatch.

Washington, September  
12.—Ohio National Guard  
troops, the 37th Division,  
are among the American  
troops who, with the French,  
are striking at the Germans  
on a wide front south and  
east of Verdun today in  
what may be the decisive  
battle of the war.

Early reports show this  
first employment of General  
Pershing's new army on a  
wide front. The joint French  
and American thrust covers  
20 miles.

Apparently the initial effort is to  
force the enemy out of the St. Mihiel  
salient which he has held since 1914.  
The American troops have been sold-  
ing the front along the southern and  
eastern sides of the salient. Their  
lines, according to the latest infor-  
mation available here, included the  
point where the front crosses the  
Moselle river.

The course of that river is the di-  
rect road to Metz, which it has been  
expected here would be the objective  
of the first phase of any attack by  
Pershing's men in this region.

## KAISER BILL IN SPEECH AT KRUPPS

(Associated Press Cable)

Amsterdam, September 12.—  
Speaking at the Krupp munition  
works at Essen, Emperor Wil-  
liam declared that everyone in  
the remotest corners of the Fa-  
therland knew that he had "left  
no stone unturned to shorten the  
war as far as possible for the  
people and for the entire civiliz-  
ed world."

The Emperor said it took two  
to make peace; that one could not  
do it unless he could overcome the  
other. Germany, he declared, was  
confronted with her enemies' will  
to destroy her, and she must place  
against this her determination to  
preserve her existence.

After mentioning his offers of  
peace the Emperor said that the  
German leaders had made it plain  
to everyone who wished to under-  
stand that we are at all times  
ready to offer the hand of peace.

## OHIO SIGNS GREAT ROLL OF NATION'S DEFENDERS

Greatest Registration For Mil-  
itary Service Ever Conducted  
in State Is Being Concluded.

By Associated Press Dispatch.

Columbus, O., September  
12. — The greatest registra-  
tion of men for military ser-  
vice ever conducted in Ohio  
started in every voting pre-  
cinct in the state promptly  
at seven o'clock this morn-  
ing.

When the registration  
closes at nine this evening,  
state draft officials anti-  
cipate 739,000 will have  
enrolled for military service.

From this number Ohio's

future drafts will be selected.

Every saloon in the state  
was closed today under or-  
ders of the State Liquor Li-  
cense Commission.

## BRUTAL METHODS OF THE GERMANS TO COLONISTS

Report Most Sensational Ever  
Issued With Reference to  
German Colonial Policy Made  
Public.

(Associated Press Cable)

London, September 12.—A report  
containing evidences of the brutal  
methods employed by Germany in the  
administration of her colonies in Af-  
rica made public today by the acting  
Secretary of the Interior, Union of  
South Africa, constitutes the British  
government's reply to the German se-  
cretary of state for the colonies that  
Germany would demand the return of  
her colonies at the peace conference.

The report is one of the most sen-  
sational ever issued in connection  
with German colonial methods and is  
considered an indictment of German  
fitness to rule the black natives of  
Africa.

# SUCCESS ATTENDS EFFORTS OF BOYS AND GIRLS CLUBS

Achievements at State Fair Place Fayette Clubs in Forefront and Increases Interest in This Valuable Method of Training Men and Women of Future Fayette.

The result of the Fayette County Boys and Girls Club Work exhibit at the state fair, at Columbus was highly gratifying both to the leaders and members.

The Poultry Clubs having won a beautiful banner as second prize in judging in a contest in which Fayette county was one of only five counties eligible to show at the state fair.

The following members also took money prizes in individual exhibits. In Rhode Island Reds, first, Dorothy Post, White Brahmas 1st, Cozella Townsley; White Wyandottes, second, Beata Haines; White Orpington second, Floyd Kyle; Buff Orpington, second, Glendon Kelley; White Plymouth Rock, second, Pauline Taylor.

Willard Engle's pig, the only one showed from the county on account of the embargo on expressing live stock, scored 9th in a display of several dozen pigs.

There are several thousand food club members in the state and "The Liberty Food Club" composed of the following girls: Hattie Knox, Helen Straley, Florence Jones, Ruth Lemlin and Golda Vanwey, took second prize (\$15) in the state canning exhibit of fruits and vegetables canned by the government cold packed method.

This Boys' and Girls' Club Work is a carefully thought out plan of the U. S. government by which rural boys and girls can receive an efficient education in Domestic Science and Practical Agriculture. It is arranged in four year courses, and the child beginning the club work at the age of ten or eleven can have received by the time he is ready to enter high school a certificate from the Extension Department of the Ohio State University, which will be accepted by most high schools as completed work in Domestic Science or Agriculture, or if not completed work, as extra credit units.

And certainly the girl who is taught common household sewing, darning and patching, breadmaking and canning and chicken raising and the boy who can raise a hog in half the time or less feed than by the ordinary methods, and can make an acre produce more corn, will be better fitted to meet successfully the problems of production and conservation in the readjustment period of the near future.

Therefore it should be the aim of every progressive man and woman to give County Club Work hearty support. \*\*\*

## IN HOSPITAL AND PRAISES RED CROSS

A letter has been received by friends of Sergeant Paul Clutter, member of Company M, saying he is in a hospital in France recovering from shrapnel wounds received when the 166th was helping turn the tide of battle in July.

The letter states that thing opened up quite suddenly for the Rain-

# ACTIVITIES OF ALLIED AIRMEN

## LONG RANGE GUN IS PUT OUT OF ACTION

BEHIND The British Lines in France, August 22.—(Associated Press Correspondence)—A British-American airplane squadron in a certain section of the front in Northern France won the everlasting gratitude of the civilian population of a little market town in the mining district this week by putting out of action a big German gun which had started in to make life miserable for the local inhabitants.

The gun opened up very suddenly one market day, at an hour when the streets were at their busiest. Without warning about noon, there was the crash of a terrific explosion in the central square, which by the way was located more than eight miles behind the front line. Other explosions followed with deadly regularity at intervals of ten minutes. The death-dealer was a high-velocity 15-inch gun of the naval type. It was using shrapnel and casualties among troops and civilians were numerous.

The task of locating the gun was handed over to the nearby British-American airplane squadron with certain directions as to probabilities. Within a few hours the task was duly accomplished and photographs were brought in which showed the position plainly.

Unfortunately the job of putting the big gun out of action was not so simple. Its position was too far back to be reached by the ordinary counter-battery guns and howitzers, and it happened that there were no long-range guns in the area capable of dealing with it. To bring such guns from another part of the line would mean considerable delay and speed was vital.

It was therefore decided that the big gun must be bombed from airplane. And well bombed it was, that very day, by the same squadron which had located it. Bombs varying all the way from 20 to 112 pounds each descended upon and around the emplacements. The satisfactory results were testified by the fact that no more 15-inch shells have disturbed the market place.

bows and were exceedingly "interesting" for several days.

Sergeant Clutter is all praise for the American Red Cross and using his own words he says:

"The American Red Cross surely is right there with the goods when a fellow gets hurt."

## MILITARY DRILL IN HIGH SCHOOL

Prof. Salisbury in charge of the military training introduced in the Washington High School in this city, is completing all arrangements for this new activity which will include every boy in the High School, and virtually all of the youths are eager for this very helpful training.

Each Monday and Friday afternoon the boys will be instructed in military work, and as many of the boys have had some training in the city and other parts of the county, they look forward with eagerness to semi-weekly training periods.

It is planned to have the most able military instructors in the city drill the High School boys, and within a short time there is every reason to believe the military organization will be the pride of the School.

The preliminary meeting for taking up the drill has been held and everything is now ready for beginning the training in real earnest.

## YANKEES "FERRY" AIRPLANES ACROSS

SOMEWHERE in England, August 22.—(Associated Press Correspondence)—Several American airmen have recently been put on duty as special "ferry pilots" between England and France. This is very important work, consisting mainly of taking new war planes over Channel in all weathers to points where they are needed at the front. The task is not difficult in fine weather, but in bad weather it is sometimes very difficult and dangerous. Whether the weather is bad or good, the machines needed at the front must go without delay.

On a recent day, chilly and obscure, one of the American "ferry-men" was ordered to take a new scout fighter to an aerodrome close to the front lines in northern France. The clouds were so low and the haze so pronounced that the far end of the flying ground was barely visible. The pilot thought he might scrape through by flying low and chancing possible engine failure.

After he set off, he found matters even worse than he had thought. At 200 feet, objects below were scarcely visible; at 300 feet he could see nothing. He made a circuit of the aerodrome, and might have landed again, except that the American pilots have a distaste for admitting that anything is impossible.

He rose to 350 feet and was enveloped in a cloud. It was now too late to land, for he had lost the aerodrome, and if he were to come down to look for a good field he might hit a neighboring cliff or factory chimney. The only thing to do was to keep on his compass course, and climb up above the clouds and after flying for about half an hour to glide down gradually through them in search of a landmark.

The luck suddenly decided it in the shape of a small gap in the cloud, through which he caught a glimpse of the green fields of France. Without hesitation he shut off his engine and dived through the gap. He flew at low altitude, picking up landmarks, and soon landed at the aerodrome.

## FAYETTE PUPILS IN 62ND PLACE IN STAMP SALE

WSS Reports submitted to the educational division of the Ohio War Savings Committee by the superintendents of Fayette county, indicate the schools in this county have sold \$15,817.49 in War Savings Stamps since last January. This gives the county a per capita sale of \$3.49 among the school children, and places it in 62nd position, in relation to other counties in the state.

Plans for the educational division of the state War Savings Committee contemplate the continuation during the coming school year of the School Sammy Army of Ohio. Copies of the suggested plan for purchase and sale of War Savings stamps in the schools of the county have gone forward to the school officials of this county.

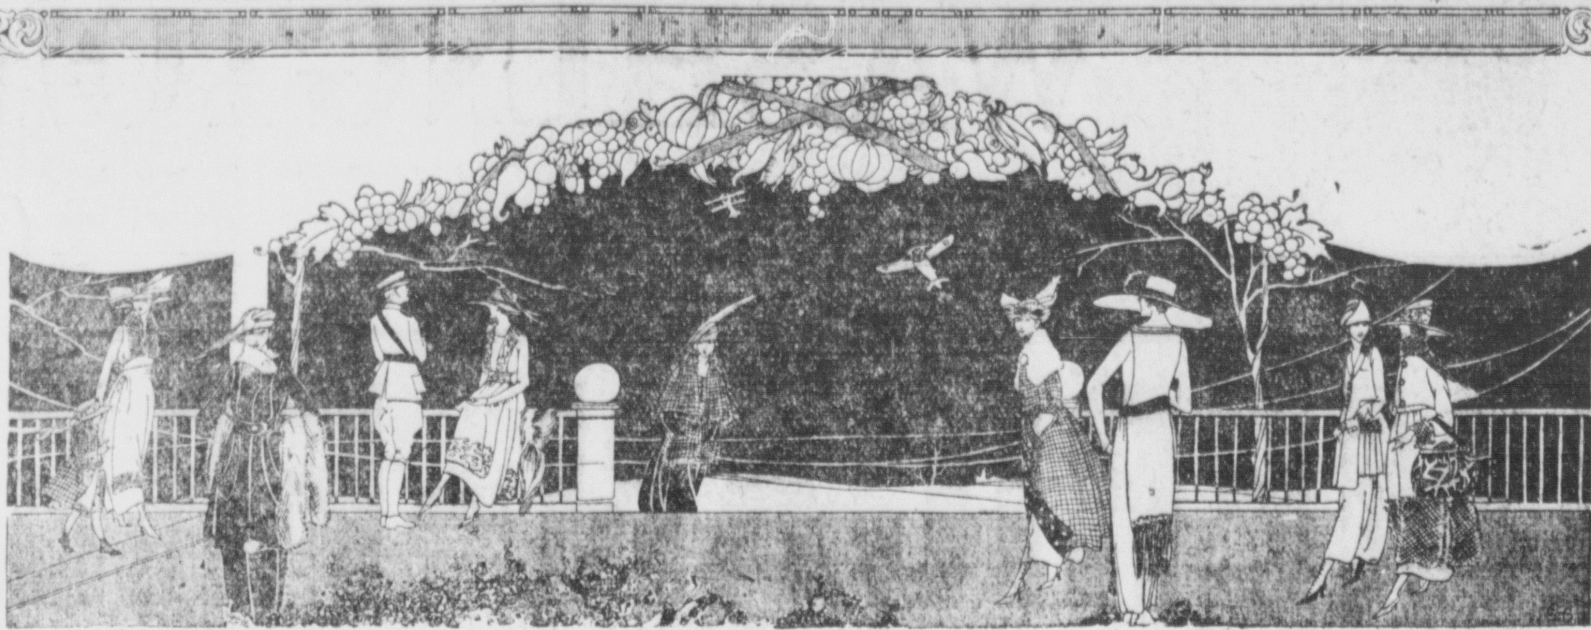

To Oliver S. Nelson and Wm. McChain county and city superintendents of this county has gone the request for the immediate establishment of School Sammy Councils. These are the organizations through which credit is allowed for the sale of War Savings Stamps on which is based the ranks that are to be awarded the boys and girls.

## LAST CALL COMES TO MRS. HARRY ROBINSON

Mrs. Minnie Robinson, wife of Mr. Harry Robinson, died Wednesday night at half past ten o'clock at the Fayette hospital, after weeks of severe suffering, during which her condition offered little hope of recovery. A capable young woman of only 39 years, leaving two young children besides her husband, Mrs. Robinson's death is doubly sad and the sympathy of the community goes out to the bereaved family.

Funeral services will be held at the home on Lakeview Avenue, Millwood, Friday afternoon at 2:30. Burial will be made in the Washington cemetery.

## "HERE" IS ANSWER OF 2200 FAYETTE COUNTY CITIZENS

Registration Today Marked by Willingness With Which Rank and File Respond to Country's Call for Man-Power — Many Take Pride in Registering Early

In response to the call for increased man power to put the finishing touches to the war and thrash the Germans so soundly that they will never more upset the tranquility of the world and threaten the liberty of the human race, some 2200 Fayette countians stepped forward Thursday, ready to do whatever is deemed necessary in carrying out the plans of the government.

The early registration was very heavy, and registrants took much pride in good naturedly inquiring of their friends if they had registered yet, with the result that registration was accelerated.

The momentous event was marked by a spirit of willingness which shows how solidly the citizens in general are behind the war, and how they wish to do what is demanded of them by the country under whose flag they live.

It was estimated at the noon hour that four-fifths of those who were to register had done so, and that the total registration would exceed the official estimate of 2,107 in Fayette county, precinct after precinct registrars declaring that more registrants were to be found in their pre-

cincts than the official estimate. It is expected that the number will exceed 2200 registrants.

In many registration booths fathers and sons walked in together, and it was a very common sight to see the youth of 18 and the man of 45 years, being registered at the same time.

Each registrant, as usual, was given a registration card, and it is expected that this will be his official receipt to show that he is not a slacker. It is to be carried upon the person of the registrant whenever he is away from home, and is his safeguard against being picked up by minions of the law.

Within the next few days registrants of 19 and 20 years and 32 to 36, inclusive, will receive their questionnaires, and numbers will be assigned in the usual way, by drawing from a bowl in Washington, D. C.

### RIBS FRACTURED

Henry Osborne, residing in the southern part of town, had two ribs fractured, one day this week, when his horse became frightened and ran away.

## LOSES AN ARM WHILE IN RECENT BATTLES

Relatives and friends in this city will regret to learn that Private Arthur Lanum, of Company F, 166th Infantry, son of the late Mack Lanum, of this city, has lost an arm in recent battles in France.

The young soldier is a nephew of Mrs. Jane Irons and cousin of Dr. C. V. Lanum, of this city. He enlisted from Circleville.

## MULES RUN AWAY DRIVER INJURED

Fred Cripps, driver, had his right hand so badly crushed that it will be weeks before he can use it, and 40 out of 150 sewer tile he was hauling were broken to bits, Wednesday afternoon when a team of mules attached to a heavy farm wagon ran away on the Columbus pike near Madison Mills.

The team, which is owned by Elton Marine, took fright at some object in front of the Spence Mahan farm on the Columbus pike, two miles from Madison Mills, and was soon beyond control. Cripps was jerked beneath the wagon at the first lunge of the frightened mules and his right hand was caught under the heavy wheels, and the bones crushed.

Not only was 40 of the heavy sewer tile broken and several sacks of cement scattered over the road, but the wagon was badly damaged.

### G. R. C. MEETING

The G. R. C. met with Mrs. Harold Brakefield Wednesday afternoon with sixteen members and two visitors present.

A report from the Red Cross committee disclosed that the society has already finished twelve pairs of socks and one Red Cross quilt piece.

A pleasant social time was much enjoyed by all. Refreshments were served.

## Poetry For Today

WE ARE BUILDING A SHIP  
 We are building a ship; but more than a ship.  
 We are building a world made free.  
 'Mid the roar and the rattle and crash as we build  
 Our souls with the glory of battle are thrilled.  
 For the hope of the world, in our ship is fulfilled.  
 In the ship that we build for the sea.

We are building a ship; but saving a world.  
 Oh, this is the thing that we do:  
 Amid clangor and din we are laying the keel  
 And lifting the frame and shaping the steel.  
 But more, we are answering back the appeal  
 Of the world, to the Red, White and Blue.

We are building a ship; but more than a ship.  
 And we swear by all that is just.  
 By the cry of a world, being outraged and slain  
 By horror of hate and by "Rivers of pain."  
 By our own sacred part in earth's crimson stain.  
 We swear to be true to our trust.

Oh, the ships that we build shall sail  
 Shall sail on  
 Bearing hope to each Hun-stricken land.  
 They shall carry our hearts, for we builded them there,  
 And the might of our arms on their decks they shall bear  
 And our flag shall float proudly, the despot's despair.  
 On our ships to the uttermost strand.

Oh! we're building a ship; but more than a ship.  
 We are building a world made free.  
 'Mid the roar and the rattle and crash as we build  
 Our souls with the glory of battle are thrilled.  
 For the hope of the world in our ships is fulfilled.  
 In the ships that we build for the sea!  
 —By Herbert E. House.

## HOLD YOUR END UP

Mr. Family Man quit worrying over the idea that you can't find YOUR place in this war and that you should be over there fighting. If the single men are exhausted YOU WILL BE. In the meantime help your government in every way it asks. Put every cent you can in Liberty Bonds, War Savings Stamps and War Charities. The folks behind the lines are as important as the lads pulling the triggers. And they MUST do their part. This is YOUR war as much as the next fellow's. The little sacrifices you make all count when bunched together. So hold your end up.

## SOX GRAB FINAL AND BIG HONOR

(American Press)  
 Boston, Sept. 12.—Taps on professional baseball for the duration of the war was sounded when the Boston Americans won the baseball championship of the world by defeating the Chicago National League club yesterday by a score of 3 to 1. The victory brings to this city the seventh world's title without one defeat.

The game was well played with the exception of the third inning, when the Red Sox reached Southpaw George Tyler for their only runs. They were scored without a hit being registered. Mays walked to start the inning, went to second on Hooper's sacrifice, and then Shean drew a pass. On Strunk's infield out, each advanced a base, and both scored when Flack dropped Whitman's line drive. McLane later singled, but his hit had no part in the scoring.

The Cubs' run was the result of clean hitting. Flack singled, and after reaching second on an infield out and third through a stolen base, he scored on Merkle's single.

The day was cold, but a crowd of 15,000 saw the contest. Score:

## HUN PLUNDERERS CONTINUE WORK

By Associated Press Dispatch.

New York, Sept. 12.—Open confession of German plundering Belgium and of plans to continue it were made at a meeting of the German Economic Commission for Belgium held at Brussels, June 19, 1918. A German official report of this meeting has just now come into possession of the Belgian government and has been made public here by the British Wireless Service.

Governor General von Bissing said at the meeting that the shortage of raw materials in Belgium was partly due to the fact that they were carried away at the beginning of the war. Thousands of machines, he said, has been transported to Germany to make war munitions.

Von Bissing said that he had two aims, the good of Belgium and the prevention of any revival of Belgian industry which could harass German industries. He explained his solicitude for the good of Belgium by adding that "a squeezed lemon loses its value and a bad cow gives no milk."

## GIRL WHOSE FATHER STABBED CLUBMAN

Miss Norma Cook, whose father, J. Norman Cook, is alleged to have stabbed to death by William E. Bradley, wealthy Chicago clubman, on August 29, in revenge for wrongs which he believed had been done to his daughter. Statements to the police of Chicago by friends of those concerned in the murder from Bradley as he was dying, and from Miss Cook, bear out the belief that Bradley's acquaintanceship with Miss Cook did not warrant revenge. "My father must have been insane," was a statement made by Miss Cook. "Mr. Bradley and I were not engaged; just good friends, as mother and he were. He was always so kind to both of us."

## Be a Joy-Walker, "Gets-It" for Corns

3 Drops, 2 Seconds—Corns Is Doomed!

When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'!"

of the world's magic and only genuine corn-peeler, "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried and O. K'd it for years. It never fails. "Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Washington C. H. and recommended as the world's best corn remedy by Brown's Drug Store and Blackmer & Tanquary.

## PEACE OFFENSIVE OF THE GERMANS IN FULL SWING

Washington Recognizes in Von Hertling's Remarks The Beginning of Campaign.

By Associated Press Dispatch.

Washington, September 12. — The German peace offensive is now recognized by officials here as being in full swing. A progressive campaign is clearly indicated to their minds by the apparently casual remarks of Premier Von Hertling a few days ago, followed by the more formal statement to the visiting German newspaper men in Vienna by Count Burian, the Austrian foreign minister; the remarks of the German crown prince and now the speech of Emperor William himself to the working people at Essen.

Analysis of the abstract of the Emperor's remarks reported by cable failed to disclose any new features.

## DEBS CASE ENDED

By Associated Press Dispatch.

Cleveland, O., September 12.—The case of Eugene Debs, socialist leader charged with violation of the espionage act, was given to a jury here today.

## HELD IN FORTRESS

(By Associated Press Cable)

Stockholm, September 12. — Eleven Englishmen and 11 French citizens have been arrested and imprisoned in the fortress of St. Peter and St. Paul at Petrograd, according to reliable information received here today from the Russian city.

## Empress and Daughters Murdered.

London, Sept. 12.—The Daily Express claims to have unquestionable information that the former empress of Russia and her four daughters have been murdered by Bolsheviks.

## Succeeds Gallinger.

Washington, Sept. 12. — Irving R. Drew, Republican, of New Hampshire, appointed to succeed the late Senator Gallinger, took his oath of office in the senate.

Social and Personal

The marriage of Miss Maud Moore daughter of Mr. and Mrs. Charles H. Moore of Washington C. H. to Mr. William P. Savage, son of Mr. and Mrs. William F. Savage, 52 North Champion Avenue, will be solemnized Sept. 26 at the home of the bride-elect in Washington C. H. Members of the families and intimate friends will be present. Until two months ago the Moore family resided in Madison Avenue. The bride-elect graduated from East High School. Mr. Savage is associated with his father in business, but expects to enter military service.—Ohio State Journal.

Mr. Moore is owner and manager of the C. H. Moore Furniture store of this city, and while his family joined him here but a short time ago they have already made many friends, who will learn of the marriage with interest.

The Home Missionary Society of Grace M. E. Church held its first meeting after a two month's vacation, in the parlor of the church Wednesday.

The regular order of business was carried out, the treasurer's report of the receipts for last year being \$308.56, which was used in homes, schools and pledges.

A communication from Miss Anna Miller, who was to have been one of the days hostesses included the enclosure of \$5 in gold for Home Missions in memory of her sister, Miss Mame Adams. For many years prior to their death, Mrs. Maria Adams, and daughter Miss Mame Adams together with the living daughter, Miss Anna Miller filled the role of hostesses at the opening Fall meeting of the society and the members cherish the memory of these departed members.

Expressions of regret and sympathy over the loss of Mrs. R. S. Sanderson by death were tendered by the society and also of regret over the removal from the city of Mrs. Nona Pine and Mrs. Maude Foreman. Much regret was also expressed over the absence of Mrs. W. E. Ireland by illness, and hope for her early recovery.

A program was presented, Ruth Naomi Corbitt, a talented young girl from Chicago, delighted her listeners with solo readings.

A selection from Home Missions was read by Mrs. Corinne Larimer, and Mrs. Ola Boyer closed the meeting with a reading.

Twenty-five members were present and enjoyed a social hour without refreshments.

Mrs. O. K. Corbitt and little grand daughter, Ruth Naomi of Chicago, were out of town guests.

"Hoping to surprise their friends, John Parker and Miss Verna Confer, well known Xenia folks, took a trip to Cincinnati Sunday and were married in one of the cities over the river. They returned to Xenia Sunday evening, and the secret was not long leaking out. Relatives of the bride had been informed by the young couple of their plans, before they went to Cincinnati.

Mrs. Parker who is the daughter of Mr. and Mrs. Albert Confer of Yellow Springs, has been employed as book-keeper for The Greene County Milk Condensing Company, and has been making her home with her brother and sister-in-law, Mr. and Mrs. Nando Confer of the Springfield pike. Mr. Parker is employed by The Adams Express Company. His home is in Washington C. H., but he

THE OLD RELIABLE STILL IN THE LEAD

IN WAR WORK

Miss Anne Morgan, vice-president of the American Committee for Relief of Devastated Regions of France, has been cited in orders of the day by General Degoutte, commanding the Sixth French Army. The citation says that Mrs. Annie Murray Dike president of the American committee, and Miss Morgan "for more than a year have consecrated themselves with intelligent activity and admirable devotion to restoring French firesides devastated by the enemy."

Carl Ellison was operated upon for removal of tonsils and adenoids at the Stitt-Todhunter offices, Wednesday afternoon.

Miss Helen Parrett spent the past three days in Bloomingburg visiting Mr. H. A. Pinkerton and family, and Mr. F. E. Whiteside and family. Miss Parrett leaves Saturday for Washington D. C. to join her sister, Miss Mary Parrett, who is engaged in government work there.

Mrs. Lon Snapp and Mrs. Edward Clark are spending the day in New Holland with Mrs. Snapp's mother.

Mr. and Mrs. George Worrell spent Wednesday in Cincinnati.

Mrs. J. E. Todhunter is visiting her son, Mr. Granville Todhunter, in Greenfield.

Prof. Sam Morris and family, of Morgantown, Va., are spending a couple of weeks with Prof. Morris' father, Mr. W. W. Morris and family in Bloomingburg, and Mr. Mart G. Morris and family in this city. Prof. Morris left Wednesday for Cleveland to attend the National Chemical Convention.

Mrs. H. C. Teachnor and Mrs. D. L. Thompson spent Wednesday in Columbus.

Mr. and Mrs. Roy Blake, of Millwood Avenue are spending several days with relatives in Atlanta.

Mr. Al Thornton and son Mr. Frank Thornton were business visitors in Columbus.

Miss Charity Vesey is keeping house for her nephew, Mr. Homer Hutson at Yatesville, while Mr. and Mrs. Hutson are on their wedding trip.

Mr. and Mrs. Wilbur Bush, of near Jeffersonville were the guests of Mrs. Bush's sister, Mrs. Sam DeWees Wednesday.

Mr. and Mrs. D. S. Craig and son David left Wednesday for Philadelphia, where Lieutenant Maynard Craig, stationed at Camp Dix, N. J., joins them to spend the week-end.

Mrs. Harriett Patterson went to Columbus Wednesday to visit her daughters, Mrs. Ed Fraas and Misses Arthelia and Clara Patterson.

Mr. and Mrs. Will A. Rodgers, of Good Hope, were visitors in Columbus Wednesday.

Mrs. Jesse Persinger visited her parents, Mr. and Mrs. W. F. Morford in Columbus the first of this week.

Mr. and Mrs. Martin Cox, Mrs. George Cox and daughter Miss Mary of Hillsboro were guests Wednesday of Mr. and Mrs. William Kidd and daughter, Miss Mildred.

Go "over the top" with a want ad.

DR. P. E. DECATUR, FIRST LIEUTENANT AND LEAVES SOON

Dr. P. E. Decatur, well known physician of this city, has been commissioned First Lieutenant in the U. S. Medical Corps, and has received orders to report at Camp Custer, Michigan, within the next ten days or two weeks.

Dr. Decatur enlisted in the U. S. Medical Corps on August 6th, and for some days has been expecting orders to report at some camp for duty, as well as giving him some rank.

Lieutenant Decatur will devote the next two weeks to placing his business affairs in conditions for taking his departure, and expects to be overseas in a comparatively short time.

WILL GIVE DINNER FOR WALTER PATTON

At the Thursday noon session of the Dutch Treat Club it was decided to hold a dinner at seven o'clock on Monday evening of next week honoring Walter Patton, recently returned from France.

The "Trench" dinner will be open to all friends of Mr. Patton whether in this city or Fayette county, the only requirement being that they file their names with the Y. M. C. A. not later than Monday noon, stating that they will attend. This is necessary in order that reservation be made. A collection will be taken to pay for the supper.

Thursday of next week a number of Y. M. C. A. men from Camp Sherman will be present and an increased attendance at the Dutch Treat Club weekly luncheon is expected.

PUDGMENT PAID IN AMOUNT OF \$6,647.53

In the five cognovit note cases filed in the Fayette County Court of Common Pleas, July 1st, in which W. H. Richards took judgment to the extent of \$6,647.53, the full amount, with interest asked, has been paid by H. Richards took judgment to the Agricultural Society, et al.

LT. PAUL ASSIGNED TO NEW POSITION

Lt. Billie E. Paul has been assigned to duty at the detention department of Camp Shelby, Hattiesburg, Miss., and has 600 to 1500 men at his command.

HOSPITAL NOTES

Mr. Herman Self, who was severely injured at the M. Hamm Fertilizer Co. some months ago, and has been confined to the Fayette Hospital since the sixth of March, returned to his home on John street, Thursday afternoon.

Mrs. James A. Wood of Good Hope and Mrs. Frank Perrill, of Columbus Ave. were operated upon at the Fayette Hospital, Thursday afternoon.

Miss Helen Horney was able to leave the Fayette, Wednesday, and return to her home in Jeffersonville.

MARRIAGE LICENSES

Cecil Longberry, 21, farmer Pickaway county, and Frances Seyfang, 18, Rev. Leeth.

HEAVY RAINFALL

A heavy rainfall, which was general over much of Fayette county, fell Wednesday night and Thursday morning.

IMPORTANT NOTICE

There will be a called meeting of all the Child Welfare Chairmen and workers at 4 o'clock Saturday afternoon in the Federated Club rooms at the Y. M. C. A. This meeting will last but fifteen minutes so it is very urgent that every worker be there.

N. MAIN GROUP MEETING

The N. Main-Hinde street Group will meet at the home of Mrs. Mary Whelpley 320 N. Hinde street, Friday evening 7:30.

OUT OF DATE

By Associated Press Dispatch. Sandusky, O., September 12.—When the stock of a local livery and transfer company was sold at auction here, hacks that cost from \$1,000 to \$1,800 were sold for \$450 and \$500 and, in a few cases, for as much as \$10.00.

"Just another instance of the passing of the old time livery stable," said Otto Bruno, the auctioneer. "The garage has taken the place of the livery barn and the automobile the place of the hack."

CAPTAIN ARCHIE SEES SON FOR FIRST TIME

CAPTAIN ARCHIE ROOSEVELT

Captain Archie Roosevelt, who received wounds in France which may result in his left arm being permanently paralyzed, was permitted to visit his home at Oyster Bay, L. I. It was the first time that Captain Roosevelt had seen his five-months-old son, Archie, Jr. During his short visit the youngster was the sole interest of Captain Roosevelt, and it was with great difficulty that he was finally persuaded to leave the baby and join the family at dinner, a function which was quite the happiest Sagamore Hill has known in many months.

OHIO NEWS

Milk Prices to Be Fixed. Columbus, Sept. 12.—The state milk price commission announced it shortly will call a state convention of milk producers and distributors for the purpose of laying down a general policy of maximum prices to consumers and minimum prices to producers. With these limits the producers and distributors then must fix prices to suit particular localities.

No Ticket This Year. Columbus, Sept. 12.—Prohibition party leaders admit that they may not have succeeded in getting enough signatures to get their state ticket on the ballot this year. The signatures to petitions had to be filed with the board of elections not later than last Thursday. To date Secretary of State Fulton has received but 236 signatures, while nearly 12,000 are needed.

To Save Apple Crop. Columbus, Sept. 12.—Ohio authorities have issued a call for volunteers to save the apple crop of the state. It is announced that 200 apple pickers are needed at once if the move is to succeed. "Apple picking must begin not later than next week," said Thomas D. Phillips, farm help specialist of the United States employment service for Ohio. "Women as well as men, who can spare even a week, are wanted."

BUY WAR SAVINGS STAMPS

HERE'S CHANCE

By Associated Press Dispatch. Columbus, O., September 12.—Here's a chance for the older men to help Uncle Sam. An S. O. S. call for lead burners or welders has been flashed over Ohio by the United States Employment Service for Ohio. The demand is said to be exceptional and the rate of pay corresponds. Living conditions are guaranteed to be the best.

Plumbers of the old school, it is said, are about the only ones skilled in this line, which consists of lead welding with a torch. Few, if any, of the younger plumbers are familiar with the work. The men are wanted for work in sealing seams and joints in tanks at explosive plants. Men qualified are urged to report to the nearest U. S. Employment office at once. The need is said to be most urgent.

TO AID FARMERS IN ACCOUNT WORK

By Associated Press Dispatch. Columbus, O., September 12.—Cooperation between bankers and the extension department of the college of agriculture of Ohio State university in teaching farmers of Ohio the principles of farm accounting will be put into practice this winter, according to announcement made by R. H. Shryver secretary of Ohio Bankers Association. Under the plan, banks in the rural districts will call meetings of farmers in their sections and representatives of the university will attend.

Mr. Shryver said that under the rules of the federal reserve bank of Cleveland, it is necessary for the banker to get a financial statement from the farmer before taking his six months note. These notes, so secured, will be discounted by the reserve bank. Another necessity for bookkeeping on the farm is the statement of income for purposes of taxation. Preliminary reports from the bankers are that the farmers are eager for this new move.

Ultimatum Issued to Strikers. Washington, Sept. 12.—Striking machinists, who have almost completely tied up all Bridgeport, Conn., munition factories, have been given 48 hours to return to work and abide by the war labor board's decision, or lose their individual memberships.

A call for 2,000 men to fill limited service and capable of working as stenographers and typists was issued by the provost marshal general.

A grain embargo went into effect on all railroads entering Buffalo from the west. A heavy rail movement of wheat from Ohio, Indiana and Michigan was the cause.

# ANTI-WASTE CAMPAIGN IN THE WAR ZONE

Uncle Sam Saving Fifty Millions of Dollars Worth of Material Picked Up on Battlefield and Salvaged from Camps.

(Associated Press Correspondence)  
**A**merica Supply Headquarters, Tours, France, September 3.—Two carloads of hair brushes abandoned by American soldiers in camps were among the wreckage of battle brought today to the great salvage depot of the American Army here. This was only one little item in the grist of debris and litter from the fighting zone which has been carefully gathered up and sent here for restoration.

Five thousand persons are employed in renovating and repairing this wreckage. The material thus saved and restored to use or sold amounted in value last month to \$2,500,000.

In the big battle around Chateau Thierry, as our fighting men went over the top they were followed closely by detachments of non-combatant troops to grope amid the wreckage and debris and save it from complete abandonment and loss. Each detachment comprised 29 enlisted men and an officer. They had trucks and dericks and all the paraphernalia for gathering broken-down cannon, rifles, cartridge belts, helmets, clothing, and the vast stores of abandoned arms and material left in the track of a contest, and to send it back to the salvage depot here.

Strange things have come out of this war, but none stranger than this gigantic salvage plant where everything from crippled guns and cannon to old army shoes and caps is saved from total loss and turned back to some useful end at the front. At first people looked at it as a freak. There was nothing like it in the civil war or the more recent modern wars. It started on a small scale with 200 hands.

But now, after a few months, it is a monster industry, with huge buildings and towering stacks. It will save the government \$35,000,000 the first year, and it may reach \$50,000,000. This is no freak; it is cold, hard saving of millions of dollars, at a time when material is scarce and shipping difficult. It is the anti-waste campaign brought to its highest development by a huge government undertaking.

Going over the plant today there was an opportunity to see the remarkable details of this salvage. The wreckage of the battlefield is only one of the sources of this salvage, explained our escort, but it is the greatest source. As men spring into ac-

# SALVAGING WAR MATERIAL

SALVAGING WAR MATERIAL  
 (Continued from Page 1)  
 American soldiers salvaging war material picked up on the battlefields.

tion, they throw aside everything not absolutely essential. There is besides the litter of the actual fighting, broken and abandoned goods of every conceivable nature.

It is not only what is left by our own troops, but what is left by the enemy, often great stocks of arms, ammunition, bayonets and every kind of fighting material.

Even when there is no battle, the mere shift of a division of troops leaves an enormous stock of abandoned goods. Moved on short orders—men pick up a few fighting essentials—guns, blankets, emergency rations—and leave the rest behind, becks, extra cloths, shoes, etc. The men arrive from America with an undue amount of clothing; it is trimmed down at the first training camp; again it is trimmed down as they go to the front, and each new trimming of thousands of men means another huge stock of salvage.

In the main building, a quarter of a mile long, there was the roar of a vast and diversified industry, with over 4,000 women workers and a thousand men, with long batteries of sewing machines, shoe machines, rubber and harness machines such as one sees in the great factory district; with the same huge installation of engines, boilers, disinfecting plants, laundries; and the whirr of big metal machines for making over the many branches of ordnance.

Hundreds of women were sorting the uniforms and underclothing just come from the salvage processes. There were some 200,000 blouses, on these towering shelves.

# TUMULTY REQUESTS HAYS TO EXPLAIN

(American Press)  
 Washington, Sept. 12.—Joseph P. Tumulty, secretary to President Wilson, wired Chairman Will T. Hays of the Republican national committee at Indianapolis to learn if Hays was correctly quoted as having charged that Democratic leaders would end the war with a compromise to insure their political fortunes.

Hays is alleged to have made the following statement to Republican state chairmen at Chicago, Sept. 2: "Democratic leaders at Washington would not stop at anything that they believed would insure re-election of a Democratic congress this fall. They would even end the war with any kind of a compromise if that would insure the continuance of the Democratic party in power."

Hays, who is in Washington, indicated great surprise that Tumulty should so far credit alleged accounts of what Hays said in Chicago as to wire him. Hays said he would be more than glad to answer the telephone.

Men's heavy work shirts, \$1.00; at Palmer's.

McCormick Leads Thompson.  
 Chicago, Sept. 12.—Medill McCormick is leading Mayor William Hale Thompson for the Republican nomination for United States senator in the Illinois statewide primary. Congressman George E. Foss ran third. The Democratic nomination went to Senator J. Hamilton Lewis.

# The Tires We Offer

are doubly guaranteed. Both the makers and ourselves stand back of them. And our tires almost invariably outlast their guarantee. There are plenty of cars fitted with our tires that are still reeling off the miles though they have long since exceeded guaranteed mileage.

# FREIGHT EMBARGO TO BE PLACED ON B & O RAILROAD

Washington and Fayette county business interests, including all who ship or receive freight in anything like quantity, will be deeply interested in the following dispatch from Pittsburgh, Pa., which declares that the freight facilities of the B. & O. railroad system will be used exclusively from now onward for coal shipment, which it is pointed out, would seriously handicap the handling of a vast amount of freight over both branches of the system through this county.

The dispatch follows:  
 Pittsburgh, Penn., September 11.—Decision to place an embargo upon all freight shipments on the Baltimore and Ohio Railroad, except coal, was reached at a conference here today of Director General of Railroads William G. McAduff and Regional Fuel and War Industries officials. The embargo, it was announced, will become effective immediately and henceforth for the period of the war the Baltimore and Ohio Railroad will devote its freight traffic exclusively to coal for munition plants and essential industries.

# UP TO PERSHING

(American Press)  
 Washington, Sept. 12.—The question of continuing the practice of shipping Christmas gifts to soldiers, limiting the quantity or eliminating gifts entirely, is now before General Pershing. As the force is far greater than last year, this practice would require a tremendous tonnage. Hence it is quite probable that some scheme of reducing the size of packages will be enforced, provided Pershing does not counsel eliminating the gifts altogether.

Suit Cases at Palmer's

# HELD AS HOSTAGES

M. LITVINOFF

Great Britain has issued a warning to the Soviet Government that its representatives will be treated as outlaws unless satisfaction is given for the killing of Captain Cromie, British Attaché at Petrograd and the safety of British subjects in Russia guaranteed. The Bolshevik Ambassador to England, M. Litvinoff, and others meanwhile are under "provisional arrest" in London.

# USE OF TROOPS HELD UNLAWFUL

(American Press)

Washington, Sept. 12.—Attorney General Gregory, in a letter to President Wilson, while condemning the use of soldiers and sailors in the slacker roundups in New York city as contrary to law, said the department of justice, unless specifically ordered to the contrary by the president, would continue to throw out dragnets for slackers.

Soldiers and sailors and certain members of the American Protective League were employed in the raids, the attorney general said, by representatives of the department of justice, who acted without warrant of authority. Mr. Gregory added, however, that he was satisfied they had been led into this breach by excess of zeal for the public good.

Mr. Gregory, who was writing in reply to a request from the president for all the facts in connection with the roundup, said an investigation convinced him that the number of persons over and under the draft age who were apprehended was considerable; that there was no disorder anywhere and that no persons were known to have been assaulted or mistreated.

Besides being unlawful, Mr. Gregory said, the employment of members of the military forces and of private organizations in making the arrests was "ill-judged." He added that unquestionably a considerable number of persons who, on the showing made by them should not have been detained, were detained; none, however, over night.

# BIG LIBERTY WHEAT HARVEST IN 1919

Washington, Sept. 12.—A national plan for a great Liberty Wheat Harvest in 1919 was announced today by the United States Department of Agriculture. American farmers are asked to sow to winter wheat this fall not less than 45,000,000 acres—an increase of 7 per cent over last year's sowing—and the Department suggests that an even greater area, approximately 47,500,000 acres—an increase of more than 12 per cent over last year—could be sown if conditions are especially favorable in all the states and would better meet the needs of the Allied nations at war.

From the smaller acreage a harvest of 635 million bushels might be expected, it is estimated, and from the larger acreage 667 millions, based upon an average yield of 15.7 bushels an acre and an abandonment of 19 per cent of the area sown on account of winter kill. The plan fixes definite acreages by states, and a campaign to be launched immediately by the Department of the state agricultural colleges and leading farmers throughout the country, growers will be asked to make good their state quotas. The recommendations regarding the planting of spring wheat and other spring crops and regarding live stock will follow later.

The total acreages assigned to the several states, both minimum and maximum, are shown in the accompanying table with the percentage of increase over the acreage sown last year indicated for each state. In some states where a large increase of winter wheat acreage is suggested, it is planned correspondingly to reduce the spring yield per acre, so the exchange is desirable in sections where this is practicable. The unusual weather conditions of the last two years are responsible for the increased acreage of spring wheat this year in some sections where winter wheat usually is more extensively grown.

In announcing its wheat production program the Department considers growing needs of this country and its Allies for this essential food. The last crop report forecast a 1918 harvest of 890,930,000 bushels of winter and spring wheat.

Although this forecast is gratifying, it is pointed out that the reserve supply or carry-over of wheat this year is practically exhausted and is the smallest on record. The need of building up reserves of wheat is evident. It is pointed out that although this country produced a small wheat crop in 1917, the total exports of wheat in excess of imports, including flour in terms of wheat, amounted to approximately 100 million bushels for the year ending June 30, 1918. This is in comparison with 178 million bushels exported in 1917, 236 million bushels in 1916, and 331 million bushels in 1915. It was only possible for the United States to export wheat in large quantities in 1915 and 1916 because of the large wheat crops of 1912-13-14-15, which gave this country an accumulation of stocks of this grain. The 1916 and 1917 crops both were smaller than any crops since 1911 and besides this, there was a greater demand for seed wheat and an increasing population. Moreover, it must be borne in mind, says the Department, that the carry-over in all the 10 importing countries of Europe was practically exhausted.

# Military Training Under Government Authority at Ohio University, Athens, Ohio.

Male students of selective draft age (18—45 inclusive) and graduates of a first-grade high school can enroll as members of the Students' Army Training Corps. Registration days at the University will be Saturday, September 14th and Monday, September 16th, 1918. However, students can enter at any time thereafter.

Members of the Students' Army Training Corps will be regularly enlisted men in the U. S. Service and as such will receive full subsistence and pay. In addition to their military training enlisted men will have 42 hours' time per week to give to college work.

Ohio University can easily care for 500 members of Students' Army Training Corps and do it under ideal conditions. Howard Hall, a large college dormitory, well equipped in every way, has been set apart as headquarters for members of the Training Corps.

No saloons, healthful surroundings, moral atmosphere, ample athletic facilities, armory and gymnasium accommodations. An opportunity of a lifetime for patriotic young men who desire to serve their country in Army or Navy, and to acquire special fitness for leadership.

Address Ohio University, Athens, Ohio.

this year before the new harvest; that the normal consumption requirements of the exporting countries are increasing with the growth of population instead of diminishing, that some losses in storage and transit may be expected to continue, and that it is highly desirable that a surplus should be accumulated as insurance against partial crop failure next year. To provide for these additional requirements it is therefore extremely desirable that the maximum acreage of winter wheat recommended be planted by the farmers in the United States this fall.

# MOVED WESTWARD

(American Press)

Vladivostok, Sept. 12.—Communication has been completely established between Vladivostok and Irkutsk. Czechoslovak forces have broken through from Lake Baikal in the direction of Tichitka under Captain Gaida, while General Semionoff's Cossacks, supported by Czechoslovak capital from the Onon river. The Bolshevik forces, seemingly overpowered by the allied troops, have scattered. Some of them have gone in the direction of Kakhia and others are supposed to be fleeing northward by way of the Amur railway. Military officials say it would not be surprising to find that the Bolsheviks had dissolved into noncombatant groups intent only on seeking amnesty from the entente allies.

# "DOING OUR BIT" AT THE HARTMAN

"Doing Our Bit," one of the most pleasing extravaganzas the Messrs. Lee and J. H. Shubert ever have produced at the famous Winter Garden during the eight years that it has dominated Broadway, will be the attraction at the Hartman Theater, Columbus, O., for one week beginning Monday, September 16, with matinees on Wednesday and Saturday. A vehicle designed for laughter, with an added bit of spectacularism, "Doing Our Bit" is described as eclipsing its 21 successful predecessors.

The brilliant cast which is offered by the Shuberts with this attraction is headed by Chic Sale, James J. Corbett, Henry Lewis, Ernest Hare, Virginia Fissinger, Leah Norah, the Caninos, Leonora McDonough and 100 others, including the far-famed Winter Garden Beauty Brigade.

This fourteen-scene extravaganza has for its big feature a new military effect, invented and produced by Lincoln J. Carter and J. J. Shubert, and is called "The Disembarkation of American Forces in France." It is one of the most stirring effects shown in recent years. There is also a scene in this big spectacle showing a registration station, another depicting life aboard a troop ship and a transformation called "A Soldier's Dream." A great many of the gorgeous costumes worn by the host of beautiful girls in this Winter Garden feast are also military in their design.

## SOLDIERS' LETTERS

Mr. and Mrs. Cai Smith have received the following letter from their son, Corporal Pearl Smith, of M. Company, telling of the experiences of M. Company.

Somewhere in France,

July 13, 1918.

Dear Father and Mother:

I am O. K. We are having a little rain in the last few days but no room to kick. We are in "pup" tents now. I love my "pup" tent, but "O, you dugout." Ha, Ha. We have moved from where we have been so long. I can't tell you the name of either, but each time it gets warmer and the "iron pigs" get bigger and thicker. How is everybody at Washington C. H. We are all O. K. No, I don't think you want to be here with me. I am glad to know that you feel as if you would, but when we are going through one of the showers of iron rain and the earth is swaying under you and you think sometimes that you will be unable to stand up, then I believe you would want to be back to dear old Washington C. H. I don't think your nerves would stand it. Of course, there is no doubt but your will power is good, but these showers are not good for one's nerve, but if you keep cool you will come out all O. K. or sometimes you will. I wish I could describe to you here in these few pages the exact feeling one experiences in one of those storms, while you know that you are in a trap of death and still pushing forward to a spot to where the whole earth is apt to go up in a mass of explosions at any time. That is the last thing you think of. The Hun is great on mining their trenches and when we push them back and take up the position occupied by them, with one little push of the button somewhere among the lines that they are holding our entire position is blown up. If you are lucky you can come down and bet the other fellow that you went higher than he.

But I am glad we have always accomplished every task that has been set before us with few losses. It doesn't amount to anything to have your face plastered with mud. That only creates a desire to go farther. We are now with the best army corps of the French soldiers. They have nicknamed us "The Bull Dogs of the ——" You know our motto is "Give them H—I and never retreat" and so far has been lived up to by every man. Some going forward when they should stop for a while and make personal repairs, but to do that is hardly proper. Well mother, this is a very poor letter. You spoke of the select army. I don't know if there are many over here or not, but from paper accounts there must be. We are with the French so we don't get to see many U. S. men only of our own outfit. I think that it ought to put old Ohio feeling good to know that her Division was chosen from the rest of the U. S. troops here as the best. If we keep on we will have all the honors of war one can get soon. Well, it is about Mess

farm implements, or automobiles. \$25.00 to \$300.00 at legal rates. We are the only company licensed to lend money on chattles in Fayette county. If you need money call and see Capitol Loan Company, Passmore Bldg., over Gossard's Optical Store. Agent in office Tuesday of each week. 132 tf

time. I want to write a few more letters after supper if Fritz keeps his gas and iron pigs at home. This is a splendid eve for his gas and that is one thing that you can't dodge and that is when I must get busy of all times.

With love to all.

#### IN MEMORY

Lois Gale Flint daughter of Mr. and Mrs. Orville Flint was born February 8, 1918, and departed this life September 9, 1918 and though aged but seven months her bright eyes will be missed, not only by her fond parent and relatives but by many of the neighbors with whom she has been a favorite.

Only a tiny floweret,  
Mid other flowerets fair  
A tiny sweet forget-me-not,  
We know not how to spare.

Only a tiny floweret,  
Plucked from life's blossoms fair,  
By that cold and icy finger,  
Who gathers everywhere.

#### CARD OF THANKS

We desire to express our thanks to the friends and neighbors who have been so kind during the illness and death of our little Lois Gale and for the many flowers and to Mr. Kiever, and Rev. Grove.

Mrs. Flint,  
Mr. and Mrs. Shoemaker  
and Family.

## OLD WELL MENACE TO PUBLIC HEALTH

The old well in front of the Mayor's office, which for many years was recognized as one of the "village drinking places," but which in recent years has not been in use until a short time ago when a pump was installed, has been declared a menace to public health if the water is used for drinking purposes before being boiled.

After the pump was installed Health Officer Byron tied the handle until an examination of the water could be made by the State Board of Health, and following is the letter reporting on the analysis:

"Dear Sir:—On September 5th, 1918, we received a sample of water collected by you on September 4th, 1918, from the city dug well.

"Sample No. 24183 is shown by the analytical results to be of unsatisfactory sanitary quality. The bacterial content at 20 C was excessive and intestinal organisms were found in both one and ten cubic centimeter proportions. The water should not be used for domestic drinking purposes unless previously boiled."

## GORGAS PLEASED WITH CONDITIONS

(American Press)

Paris, Sept. 12.—Major General William C. Gorgas, surgeon general of the United States army, following an inspection tour of the Paris military hospitals, where Americans are undergoing treatment, expressed his satisfaction with the manner in which the wounded are being cared for. "The cheerfulness and comradely arrangements and the genuine spirit of helpfulness of the wounded in the hospitals has been the most impressive thing witnessed by me since my arrival in France," said General Gorgas. "It is inspiring to see the determination displayed by our men; they are filled with real spirit and there is an atmosphere of happiness among them, although they are suffering from wounds. They are well taken care of, and the work of the medical department which I have seen so far has been above reproach."

#### SOLDIER CARDS

At Rodeckers News Stand a new assortment just received—appropriate cheerful greetings for our Boys at home or "Over There."

A pair of Star Brand solid leather shoes will hold that boy. They cost no more. At Palmer's.

## AMERICAN TROOPS IN VLADIVOSTOK

(American Press)

Washington, Sept. 12.—American troops have landed at Archangel to assist the other allied forces there in their campaign to the re-establishment of order in northern Russia. This announcement was authorized by General March, chief of staff.

For military reasons the number of soldiers landing was not revealed, nor was it made clear from whence they had embarked. It was assumed, however, that the soldiers had been sent from English camps where Americans are training.

After the allied forces landed on the shores of the White sea several weeks ago there were reports that American troops were co-operating with them, but it subsequently developed that the forces were marines from American warships. Many of the American troops speak the Russian language fluently. Most of these troops are from states where the winters are like those in Russia. Their voyage was quick and tranquil. The men suffered few discomforts, except there was a heavy list of seasick.

## FIRST FAIR PRICE LIST IS ISSUED

The first fair price schedule has been issued in Highland county by H. D. Irwin, agent of the Federal Food Administration, and the prices of wheat products are given for the various points in that county.

In Fayette the first "fair price list" has not yet been issued, but it is understood this will be done in the very near future, as asked by the Federal Food Administration.

## ESSENTIAL WORKERS ONLY ARE EXEMPT

(American Press)

Columbus, Sept. 12.—Governor Cox appealed to all employers to make claims for deferred classifications for employees they regard essential to their industry or business, or see to it that the men themselves do so. He asked, furthermore, that registrants remain in occupations they now are in, whether war work or not, giving assurance that every bona fide industrial or occupational claim, including agriculture, will be given careful consideration by district boards.

The requests are in line with the announced policy of Provost Marshal General Crowder, broadening industrial and occupational grounds for deferred classification, because with the extension of military age limits, particularly by raising it to 45, it has come to the point where the maintenance of the credit and economic activities of the country must be given greater consideration than when the registrants were fewer in number and younger.

A full line of rubber boots, arctic and fall footwear at Palmer's.

## A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Washington C. H. people.

Wm. Devany, blacksmith, 270 Temple street, Washington C. H., says: "Whenever I have had any need of a kidney medicine, I have used Doan's Kidney Pills and I know they are just as represented. About a year ago I was troubled with an ache across my kidneys which caused me no little misery. I used Doan's Kidney Pills and in a short time, I was rid of the attack. I have had very little reason for complaint of my kidneys since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Devany had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Advt.

Men's Heavy Sateen work shirts, \$1.15 at Palmer's.

## M'ADOO CHEERFUL

(American Press)

Pittsburgh, Sept. 12.—There will be no shortage of coal or fuel this winter on account of transportation congestion, according to Director General William G. McAdoo, who is here to attend a meeting of regional directors of eastern and Allegheny valley railways. Mr. McAdoo declared there will be no repetition of last winter's traffic delays. He said there is no dearth of cars at mines.

Good assortment of men's sweaters at Palmer's.

## HAY and STRAW

Wholesale—Car Loads or less; highest market prices paid at all times.  
H. R. RODECKER.  
Both Phones.

## YOUR PAPER

Should be delivered by carrier boy at your home every evening before six o'clock, excepting when something very unusual occurs at the publication office.

The time at which each carrier leaves the office with his paper is recorded so that the time of delivery at any place along the route may be ascertained.

Patrons will confer a favor on the management by calling 22121 and reporting when they receive their paper after six p. m., as it will enable the management to trace the trouble to its source and eliminate the cause of delay.

## Fountain Pens

ONE OF THE MOST IMPORTANT things for the Soldier Boy is a Fountain Pen

If you have a son, brother, sweetheart in the army—or if he is going soon—he should have a Fountain Pen for convenience of writing home. You enjoy receiving letters from him as well as he does from you.

## When You See This Face You Know

It's the Genuine  
**JONES' LINIMENT**  
For Man or Beast

Liniments that burn, smart, blister, irritate or otherwise fret the skin are not good for man or beast. Jones' Liniment is soothing, cooling, it brings relief from pain, soreness, swelling and inflammation—stops humors in joints and muscles—heals cuts, wounds, sores, etc.

**PENETRATING—HEALING—ANTISEPTIC**

Jones' Liniment goes in without rubbing. It is especially adapted for use on the face or wherever face and neck must be clean-shaven, fit and ready. Keep a bottle near at hand—for emergency and general use.

A Farmer says: "We always had trouble getting a horse until we used Jones' Liniment. It did enough for the horse until we tried Jones'."

An Athlete says: "I recommend Jones' Liniment to any athlete who wants his muscles in best condition."
